## Google Voice Instructions: IPHONE

What you need to use Google Voice:

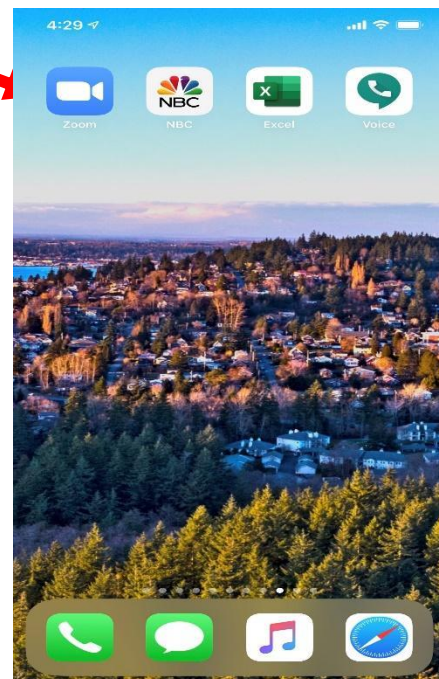

- A Google Account (Gmail)
- Computer or mobile phone with internet access (for sign-up)
- U.S. phone number that can forward calls after ringing (iOS or Android)

Setting up Google Voice for iOS:

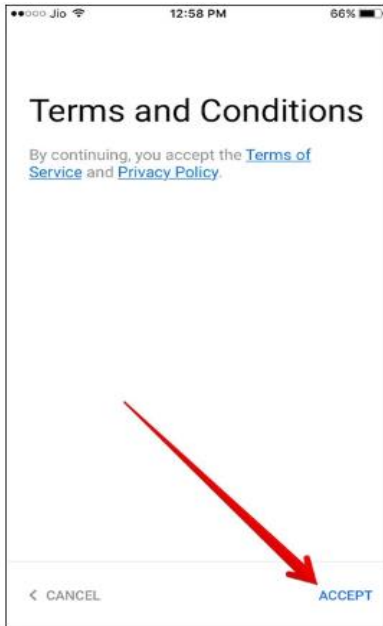

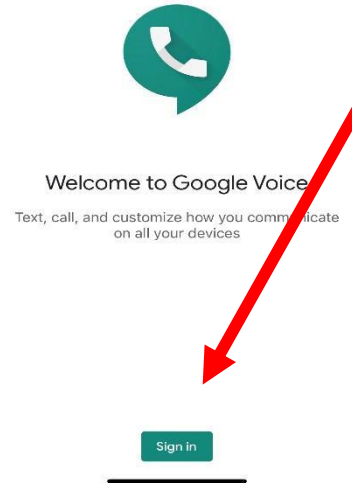

1. On your iPhone, download the Google Voice app from the app store.

2. After downloading, find the Google Voice app in your phone and open it up.

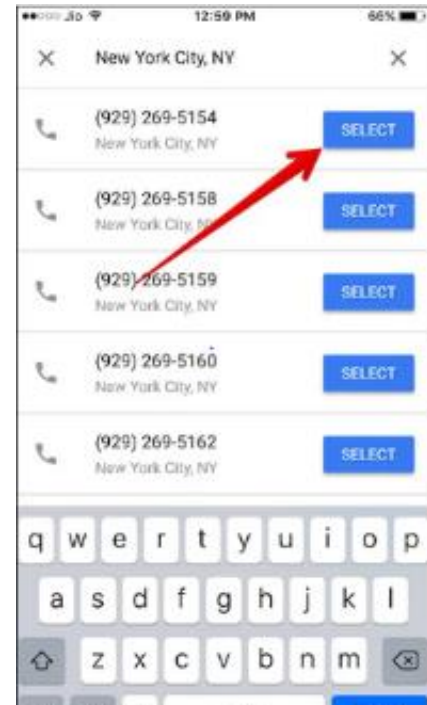

3. Sign-in to Google Voice using your Gmail and password

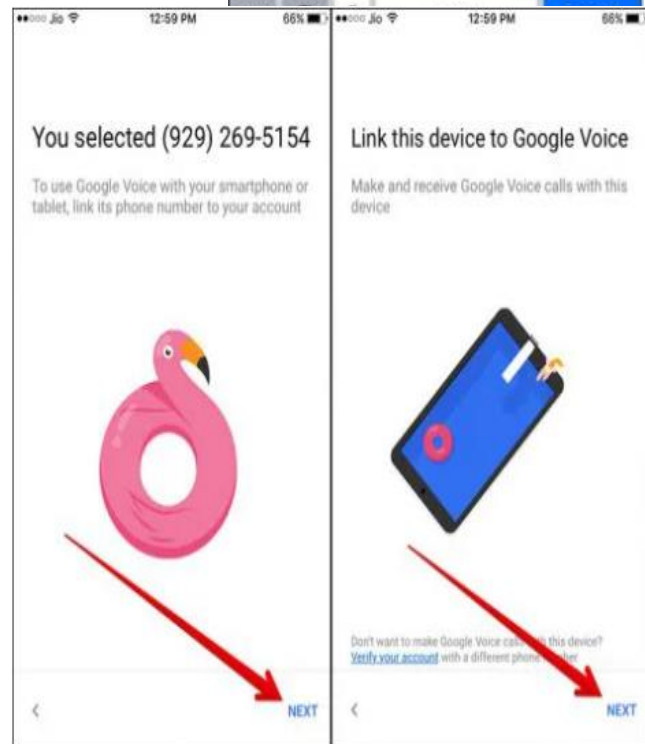

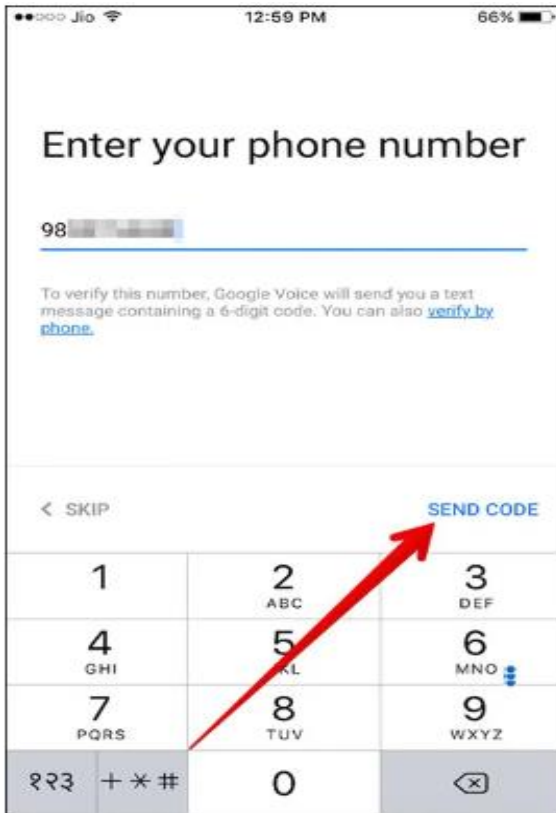

4. Accept the terms and conditions

5. Next, you have to select a Google Voice number. Tap on the search button and enter a city in the area of where you'll be calling. Tap select next to the number you want to use.

6. Now, you have to link your Google Voice number to your account. Tap on Next at the bottom left corner.

7. Now, you have to enter your phone number to send and receive phone calls. Google will then send you a code that you have to enter to verify your account.

**Finished!**
